

Outdoor refreshment

The Outdoor, IP34-certified anti-rain version of SandenVendo's popular G-Drink model combines all the utmost innovations of a premium automatic vending machine with the newly-developed features required for outdoor usage including an anti-condensation heated glass, a roof, and an anti-vandal front door for further protection. Thanks to its thermal-magnetic circuit breaker and its anti-freezing function with temperature control specially designed for outdoor applications, G-Drink Outdoor can also operate under below-zero temperature conditions while its LED illumination system serves as an impulse sales ally during shop-closing hours.
