

The ultimate vending machine

Conceived as the future of SandenVendo, G-Snack Evolution is an innovative automatic vending machine designed with a motorized central delivery eyelet, providing an ergonomic, user-friendly, and smart vending solution. G-Snack Evolution comes with eight selections per shelf. This model maintains an internal temperature range from +2°C to +10°C, ideal for drinks, snacks, and various types of food, including vegetables, fruit, and fresh eggs, safely delivered thanks to the central delivery eyelet. Its extreme versatility makes G-Snack Evolution suitable for installation inside automated shops as an Extra-Vending machine that dispenses merchandising items.
